Flow Chart :

MNG INTERNATIONAL INC.

Our integrated supply chain begins with owned manufacturing at Pooja Dehydrated Foods Pvt Ltd, supported by strategic multi-origin sourcing to ensure consistent quality and competitive pricing. All products undergo rigorous lab testing at origin, followed by sustainable sourcing practices focused on reducing environmental impact. Efficient global logistics ensure smooth international movement, supported by a strong warehousing network across the USA and Canada. Before dispatch, products are verified through independent third-party lab testing, and finally distributed through a streamlined palletized system across North America, ensuring reliable and timely delivery to customers.

ENVIRONMENTAL & SOCIAL MANAGEMENT SYSTEM

MNG International Inc. has implemented a structured ESMS framework aligned with global sustainability and responsible sourcing standards.

- Policy & Governance
- Lab Testing & Quality Assurance
- Emergency Preparedness
- Risk & Impact Identification
- Operational Controls
- Stakeholder Engagement
- Sustainable Sourcing Programs
- Emergency Preparedness
- Monitoring & Continuous Improvement

6 SUSTAINABLE DEVELOPMENT GOALS

We actively support key SDGs through responsible sourcing, ethical trade, and operational sustainability.

We sincerely appreciate your time and interest in MNG International Inc. As a trusted supplier of premium spices and herbs, we are committed to delivering consistent quality, reliable service, and customized solutions that meet the needs of our partners across the globe. We look forward to the opportunity to work together and build a lasting business relationship.
